

PUBLIC NOTICE OF INTENT TO RELOCATE EXPOSED HUMAN REMAINS FOUND NEAR EVERGREEN
AND EAST END CEMETERIES, 50 EVERGREEN ROAD, RICHMOND, HENRICO COUNTY

1. APPLICANT:

John Sydnor
Enrichmond Foundation
PO Box 25609
Richmond, VA 23260]

2. PROPOSED WORK AND NEED FOR RELOCATION: The applicant proposes to respectfully
reinter human remains found eroding from a ravine near the edge of East End Cemetery
property on July 20, 2020.

The remains appear to be associated with several unknown individuals, and were likely
exposed at intervals by erosion, animal activity, or the excavation of new graves. Based
upon wood fragments and nails recovered in immediate association with the remains, it
appears that they were collected into a box or crate and reinterred at the edge of the
ravine at some point in the past.

The remains of the unknown individuals were carefully recovered by archaeologists with
the Department of Historic Resources, and are housed in that agency's secure
collections facility.

3. COMMENT PERIOD: We rely on the community to serve as family for these unknown
individuals, and to guide their proper and respectful treatment. Comments should be
made in writing, preferably by email, and addressed to both Enrichmond and the DHR:

John Sydnor/Enrichmond Foundation, P.O. Box 25609, Richmond, VA 23260 *or by
email at info@enrichmond.org; and*
